

# EZ OVERLAY

## The EZ Way to Overlay!

## Polymer Modified • Sand • Portland Cement Dry Set for Concrete Overlays

**EZ Overlay** is an excellent substitute for wet mortar bed overlay applications on top of existing concrete.

**EZ Overlay's** polymer modified, sand and Portland cement blend incorporates superior strength, dry set technology and is ready-to-use and easy to install. **EZ Overlay** will save you time and effort as compared to traditional wet bed systems. **EZ Overlay** is ideal for use with paver, stone or porcelain overlays.

- Reduces Install Time
- Less Mess
- Consistent Results

FEATURES	BENEFITS
