DALTEX

LEARN MORE

Introducing ResinScape, a modern pavement alternative that moves beyond concrete and asphalt. Designed for today's design-driven projects, ResinScape blends innovation, beauty, and performance into one seamless solution.

Seamless, Stone-Rich, Resin-Bound Surface
Naturally Permeable for Effective Drainage
Reduces Surface Runoff
Eco-Friendly

With its design flexibility, ResinScape transforms **Driveways, Walkways, and Outdoor Spaces** into statement surfaces that are unique, and unmistakably elevated.

RESIDENTIAL & LIGHT COMMERCIAL
DRIVEWAYS • WALKWAYS • PATIOS • POOL SURROUNDS

LUXURY *&* in
PERFORMANCE *&* ONE

ResinScape Resin Bound System combines decorative stone with a clear polyurethane binder to create a seamless, hand-troweled surface installed over a properly prepared base. The result is a smooth, stone-rich surface that is both durable and highly permeable, allowing water to drain through the surface, reducing runoff. Designed for a wide range of residential and light commercial applications, **ResinScape** delivers long-term color stability and outstanding resistance to discoloration, weathering, and everyday wear.

FEATURES	BENEFITS
UV Stable Resin Technology	<ul style="list-style-type: none">• Color stable• Resists yellowing
Low Maintenance, High Aesthetic Appeal	<ul style="list-style-type: none">• Resists staining from fuel, oil and solvent spills• Reduces weed growth• Maintains a clean, natural appearance
Durable, Long-Lasting Surface	<ul style="list-style-type: none">• High-strength with excellent durability• Resists degradation from fuel, oil and solvent spills
Optimized Resin Formulation	<ul style="list-style-type: none">• Easy trowel application and workability• Can be installed in low temperatures
Permeability	<ul style="list-style-type: none">• Water naturally drains through the system• Environmentally friendly
Versatile Design Capabilities	<ul style="list-style-type: none">• Wide range of decorative aggregates available• Ability to incorporate design inlays• Suitable for external and internal use• Can be installed in temperatures >40° F

ResinScape Kit Components:

ResinScape Advanced UVR:

Two-part solvent-free, UV stable polyurethane binder

F-12 Binder Sand

ResinScape Decorative Aggregates:

Clean, dried aggregate ranging in size $1/16" - 1/4"$ (2mm - 6mm), 50 lb bags

CHOOSE FROM SEVEN COLORS, OR MIX AND BLEND FOR CUSTOM COLOR COMBINATIONS.
