HydroSweep

RESIN
JUST DAMN GOOD ^ SAND™

Same High-Performance Formula as PS-1500... Now Made in the USA.

Available Late Q1

HydroSweep Reactive Resin Joint Sand

From the makers of PolySweep Polymeric Sand, HydroSweep Reactive Resin Joint Sand System offers a superior strength and durable ready-to-use solution for stabilized sand joints that can be installed rain or shine.

New Industry Standard in Resin Sands: Stronger & More Durable

HydroSweep is made with a new generation synthetic resin that hardens when it reacts with the air. It can be used in new or existing installations to create beautiful yet extremely durable hardened sand joints that will withstand the rigors of residential vehicular traffic and harsh freeze/thaw conditions.
